Departmental Activity Report (Session 2025-26)

"Cultural and Economic Study of Tanha Pola Market – A Field Report"

Report by- Dr. Priyanka Jadhao

Date- 22/ 08/ 2025

Teaching method- Participative learning

Objectives:

- To understand the cultural significance of the Pola festival
- To observe traditional practices and customs
- To study the local economy and rural trade patterns
- To identify the role of festivals in community bonding

Response:

The field visit was organised for students of B.A. Sem. I, II and III students, who actively participated in this activity.

Feedback Report: Feedback was taken orally from the students.

1. Visit to market was very interesting.
2. We learned how such festivals are important for farmers and village life.
3. We understood economic importance of the festival.

Outcome:

Students understood the cultural, agricultural and economic importance of Pola festival. This experience connected classroom learning with real-life traditions and village life.
