Sub: **MOU with TASL (Tata Advanced Systems Ltd.)**

R/Madam,

This is with reference to my discussion with Mr. Vaibhav Zarkar, Sr. Manager (HR) TASL, regarding conduction of HR training programs for their Diploma and Degree Engineers. As discussed they have agreed to the following terms for training:

Training conducted by:	<b>Prof. Amar Damle</b>
Number of participants per batch:	25-30
Total number of employees to be trained:	400+
Total number of batches to be conducted:	16
Time of training for each batch:	9AM to 5PM
Cost for each batch:	15,000/- per day
Total training revenue generated:	Around 2,40,000/-

They have also agreed to have a formal MOU (Memorandum of Understanding), draft of which is already ready for your reference.

As such we were always looking forward for a formal MOU with a National level Organization, either for placements or for generating revenue for our college. Surely this is the best opportunity.

I request you to grant me permission for having such MOU and representing our college to conduct this training program at TASL. The IQAC can draft guidelines for sharing the revenue and modalities of departmental roles if any, so that consultation and more of such training programs can be organized in future.

Please approve so that formalities and training can start at the earliest.

Thanking you  
Yours truly

  
Amar Damle  
Asst. Prof (Dept. of Psychology)

**Guidelines for Undertaking Consultancy Work / Training Programs**

Consultancy is an important service by which knowledge and expertise flow from educational institutes to external organisations and social requirements. This led to overall development of institutes and maintains productive relationship with other components of society. Smt. The objective of these guidelines is to promote academic, industry and research interaction and to encourage and facilitate Faculty Members to provide knowledge inputs sought by industry or other academic / research organizations. However, the balance between consultancy and the traditional roles of the academic staff needs to be managed and the interests of the institution must be protected. These guidelines are to ensure that consultancies undertaken by staff are consistent with the Student Welfare, Faculty Development and Teaching-Learning Activities and other objectives of the institution.

**Guidelines:**
